**NEWS RELEASE**

FOR RELEASE November 9, 2010

Contact: Andy Nielsen  
515/281-5834

Auditor of State David A. Vaudt today released an audit report on the South Central Iowa Regional E-911 Service Board.

Vaudt reported the Service Board had total receipts of \$553,810 for the year ended June 30, 2010, a 3.3% decrease from the prior year. The receipts included \$548,905 in land line and wireless surcharge fees and \$4,905 in interest on investments.

Disbursements for the year ended June 30, 2010 totaled \$390,834, a 49.8% decrease from the prior year. Disbursements included \$139,727 for signs and equipment, \$131,042 for administration and \$120,065 for E911 phone calls and cable expansion. The decrease in disbursements is primarily due to the loan agreement with Guthrie County being repaid in the prior fiscal year.

A copy of the audit report is available for review in the South Central Iowa Regional E-911 Service Board's Office, in the Office of Auditor of State and on the Auditor of State's web site at <http://auditor.iowa.gov/reports/1014-0801-B00F.pdf>.

Independent Auditor's Report

To the Members of the South Central  
Iowa Regional E911 Service Board:

We have audited the accompanying financial statement of the South Central Iowa Regional E-911 Service Board as of and for the year ended June 30, 2010. This financial statement is the responsibility of the Service Board's officials. Our responsibility is to express an opinion on the financial statement based on our audit.

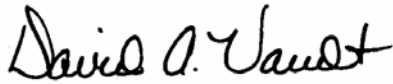

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described in Note 1, this financial statement was prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the cash basis financial position of the South Central Iowa Regional E-911 Service Board as of June 30, 2010, and the changes in its cash basis financial position for the year then ended in conformity with the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated October 19, 2010 on our consideration of the South Central Iowa Regional E-911 Service Board's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 7 through 9 and 16 through 17 are not a required part of the financial statement, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

DAVID A. VAUDT, CPA  
Auditor of State

WARREN G. JENKINS, CPA  
Chief Deputy Auditor of State

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

The South Central Iowa Regional E-911 Service Board (Service Board) provides this Management's Discussion and Analysis of its financial statement. This narrative overview and analysis of the financial activities of the Service Board is for the fiscal year ended June 30, 2010. We encourage readers to consider this information in conjunction with the Service Board's financial statement, which follows.

### 2010 FINANCIAL HIGHLIGHTS

- ◆ The Service Board's total receipts decreased 3.3%, or \$19,154, from fiscal year 2009 to fiscal year 2010.
- ◆ The Service Board's total disbursements decreased 49.8%, or \$387,315, from fiscal year 2009 to fiscal year 2010.
- ◆ The Service Board's total cash basis net assets increased 46.8%, or \$162,976, from June 30, 2009 to June 30, 2010.

### USING THIS ANNUAL REPORT

The South Central Iowa Regional E-911 Service Board has elected to present its financial statement on the cash basis of accounting. The cash basis of accounting is a basis of accounting other than U.S. generally accepted accounting principles. Basis of accounting refers to when financial events are recorded, such as the timing for recognizing revenues, expenses and the related assets and liabilities. Under the Service Board's cash basis of accounting, revenues and expenses and the related assets and liabilities are recorded when they result from cash transactions.

As a result of the use of the cash basis of accounting, certain assets and their related revenues and liabilities and their related expenses are not recorded in this financial statement. Therefore, when reviewing the financial information and discussion within this annual report, readers should keep in mind the limitations resulting from the use of the cash basis of accounting.

The annual report is presented in a format consistent with the presentation of Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the Service Board's cash basis of accounting.

This discussion and analysis are intended to serve as an introduction to the Service Board's financial statement. The annual report consists of a financial statement and other information, as follows:

- Management's Discussion and Analysis introduces the financial statement and provides an analytical overview of the Board's financial activities.
- The Statement of Cash Receipts, Disbursements and Changes in Cash Basis Net Assets presents information on the Service Board's receipts and disbursements and whether the Service Board's cash basis financial position has improved or deteriorated as a result of the year's activities.
- The Notes to Financial Statement provide additional information essential to a full understanding of the data provided in the financial statement.
- Required Supplementary Information further explains and supports the financial statement with a comparison of the Service Board's budget for the year.

## FINANCIAL ANALYSIS OF THE SERVICE BOARD

### *Statement of Cash Receipts, Disbursements and Changes in Cash Basis Net Assets*

The purpose of the statement is to present the receipts received by Service Board and the disbursements paid by the Service Board. The statement also presents a fiscal snapshot of the Service Board's cash balances at year end. Over time, readers of the financial statement are able to determine the Service Board's financial position by analyzing the increases and decreases in net assets.

Receipts are received on a quarterly basis for surcharges added to each land phone line and each wireless phone. These fees are received from the telephone companies or the State of Iowa for phones within the participating counties of the Service Board. Disbursements are paid to operate the E-911 emergency telephone assistance system. Other receipts and disbursements are for interest on investments and administration. A summary of cash receipts, disbursements and changes in cash basis net assets for the years ended June 30, 2010 and June 30, 2009 are presented below:

	Year ended June 30	
	2010	2009
Operating receipts:		
Land line and wireless surcharge fees	\$ 548,905	560,777
Operating disbursements:		
Signs and equipment	139,727	166,955
Administration	131,042	129,164
E-911 phone calls and cable expansion	120,065	117,544
Total operating disbursements	390,834	413,663
Excess of operating receipts over operating disbursements	158,071	147,114
Non-operating receipts (disbursements):		
Interest on investments	4,905	12,187
Debt service	-	(364,486)
Total non-operating receipts (disbursements)	4,905	(352,299)
Change in cash basis net assets	162,976	(205,185)
Cash basis net assets beginning of year	348,184	553,369
Cash basis net assets end of year	\$ 511,160	348,184
<b>Cash Basis Net Assets</b>		
Restricted:		
E-911 services	\$ 511,160	348,184

The Service Board's net assets are used in the routine operations of the Service Board and for capital improvements to the E-911 system.

In fiscal year 2010, operating receipts decreased \$11,872, or 2.1%. The decrease was primarily a result of decreased E-911 wireless surcharge fees collected. In fiscal year 2010, operating disbursements decreased \$22,829, or 5.5%, from fiscal year 2009. The decrease is primarily due to less upgrades paid for in fiscal year 2010.

## **BUDGETARY HIGHLIGHTS**

The Service Board prepares a budget on the cash basis of accounting. The Service Board did not amend its budget during the year ended June 30, 2010.

The Service Board's receipts were \$4,310 more than budgeted. This was primarily due to the Service Board receiving more in wireless surcharge fees and interest on investments than anticipated.

Total disbursements were \$130,116 less than budgeted. This was primarily due to the loan agreement with Guthrie County being repaid in the prior fiscal year.

## **LONG-TERM DEBT**

At June 30, 2010, the Service Board had no outstanding indebtedness.

## **ECONOMIC FACTORS**

The Service Board continued to improve its financial position during the current fiscal year. A large factor in this is the surcharge income from wireless phones. Some of the realities that may potentially become challenges for the Service Board to meet are:

- ♦ Facilities require constant maintenance and upkeep.
- ♦ Technology continues to expand and current technology becomes outdated, presenting an on going challenge to maintain up to date technology at a reasonable cost.
- ♦ Increase in monthly maintenance costs.
- ♦ Mapping changes to include cities, rural and county information, as well as participating bordering counties.
- ♦ Increase in monthly rental costs over fiscal year 2010.
- ♦ Trends away from land lines, which provide a \$1 surcharge, towards wireless, which provide a 65 cent surcharge.

The Service Board anticipates the current fiscal year will be much like the last and will maintain a close watch over resources to maintain the Board's ability to react to unknown issues.

## **CONTACTING THE BOARD'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, customers and creditors with a general overview of the Board's finances and to show the Board's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the South Central Iowa Regional E-911 Service Board, Attn: Joni Walston, Administrator, 411 Central Avenue, P.O. Box 14, Bedford, Iowa 50833.

South Central Iowa Regional E-911 Service Board

Notes to Financial Statement

June 30, 2010

**(1) Summary of Significant Accounting Policies**

The South Central Iowa Regional E-911 Service Board was formed in 1991 pursuant to the provisions of Chapters 28E and 34A of the Code of Iowa. The Service Board is to provide public safety service to the citizens of Adair, Adams, Clarke, Guthrie, Madison, Taylor and Union Counties.

The Service Board is composed of two representatives from each participating County. One shall be a representative of the County Board of Supervisors and the other shall be a representative of the County E-911 Service Board. Each representative has one vote and each representative may have an alternate who can vote in the member's absence.

**A. Reporting Entity**

For financial reporting purposes, the South Central Iowa Regional E-911 Service Board has included all funds and organizations. The Service Board has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the Service Board are such that exclusion would cause the Service Board's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the Service Board to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the Service Board. The Service Board has no component units which meet the Governmental Accounting Standards Board criteria.

**B. Basis of Presentation**

The accounts of the Service Board are organized as an Enterprise Fund. Enterprise Funds may be used to report any activity for which a fee is charged to external users for goods or services.

Enterprise Funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with an Enterprise Fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

**C. Basis of Accounting**

The South Central Iowa Regional E-911 Service Board maintains its financial records on the basis of cash receipts and disbursements and the financial statement of the Service Board is prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statement does not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles.

**(2) Cash and Investments**

The Service Board's deposits in banks at June 30, 2010 were entirely covered by Federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The Service Board is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Service Board; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The Service Board had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 3, as amended by Statement No. 40.

**(3) Risk Management**

The Service Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. The Service Board assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims for these risks have not exceeded commercial insurance coverage for the past three years.

**(4) Compensated Absences**

The Service Board's employee accumulates a limited amount of earned but unused vacation hours for subsequent use or for payment upon termination, retirement or death. This accumulation is not recognized as a disbursement by the Service Board until used or paid. The Service Board's approximate liability for earned vacation payable to its employee was \$1,600 at June 30, 2010. This liability has been computed based on the rate of pay in effect at June 30, 2010.

**(5) Operating Lease**

The Service Board leases its office facility for a five year period ended May 31, 2010 under an agreement requiring minimum monthly rental payments of \$465, adjusted annually for the change in the Consumer Price Index (inflation). The lease is classified as an operating lease and, accordingly, all rents are charged as disbursements. The lease also requires the payment of normal maintenance and insurance on the property. The lease ended on May 31, 2010 and the Service Board now pays rent on a month to month basis.

The total rental disbursements for the year ended June 30, 2010 for the operating lease were \$5,580.

**South Central Iowa Regional E-911 Service Board**

### **Required Supplementary Information**

Balance end of year	\$ 511,160	135,500	375,660

See accompanying independent auditor's report.

South Central Iowa Regional E-911 Service Board

Notes to Required Supplementary Information – Budgetary Reporting

June 30, 2010

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons.

In accordance with the Code of Iowa, the Service Board annually adopts a budget on the cash basis following required public notice and hearing for all funds. The annual budget may be amended during the year utilizing similar statutory prescribed procedures.

During the year, there were no budget amendments.

Formal and legal budgetary control is based on total disbursements. During the year ended June 30, 2010, disbursements did not exceed the amount budgeted.

Independent Auditor's Report on Internal Control  
over Financial Reporting and on Compliance and Other Matters  
Based on an Audit of a Financial Statement Performed in Accordance with  
Government Auditing Standards

To the Members of the South Central  
Iowa Regional E911 Service Board:

We have audited the accompanying financial statement of the South Central Iowa Regional E-911 Service Board as of and for the year ended June 30, 2010, and have issued our report thereon dated October 19, 2010. Our report expressed an unqualified opinion on the financial statement which was prepared in conformity with an other comprehensive basis of accounting. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the South Central Iowa Regional E-911 Service Board's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing our opinion on the effectiveness of the South Central Iowa Regional E-911 Service Board's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the South Central Iowa Regional E-911 Service Board's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings, we identified certain deficiencies in internal control over financial reporting we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the South Central Iowa Regional E-911 Service Board's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings as items (A) and (B) to be material weaknesses.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the South Central Iowa Regional E-911 Service Board's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the Service Board's operations for the year ended June 30, 2010 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statement of the Service Board. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

The South Central Iowa Regional E-911 Service Board's responses to findings identified in our audit are described in the accompanying Schedule of Findings. While we have expressed our conclusions on the South Central Iowa Regional E-911 Service Board's responses, we did not audit the South Central Iowa Regional E-911 Service Board's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the members and customers of the South Central Iowa Regional E-911 Service Board and other parties to whom the Service Board may report and is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the South Central Iowa Regional E-911 Service Board during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

DAVID A. VAUDT, CPA  
Auditor of State

WARREN G. JENKINS, CPA  
Chief Deputy Auditor of State

October 19, 2010

South Central Iowa Regional E-911 Service Board

Schedule of Findings

Year ended June 30, 2010

**Findings Related to the Financial Statement:**

**SIGNIFICANT DEFICIENCIES:**

- (A) Segregation of Duties – One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. When duties are properly segregated, the activities of one employee act as a check on those of another. The cash receipts listing, bank deposits and the posting of cash receipts to the cash receipts journal are all done by the same person.

Recommendation – We realize segregation of duties is difficult with a limited number of employees. However, the Service Board should review its control procedures to obtain the maximum internal control possible under the circumstances utilizing currently available personnel to provide additional control through review of financial transactions, reconciliations and reports. Reviews performed by independent persons should be evidenced by initials or signature of the reviewer and the date of the review.

Response – The Service Board feels the duties are segregated accordingly as well as they can be. There is no money available to hire a second person for the purpose of segregating checks. Currently one location does receive all surcharge checks and deposits them into the bank account. The check stubs and all information received with these are sent to the Treasurer for records. Records are kept in two places and bank notices are sent to two employees in two different locations so all are aware of accounts.

Conclusion – Response acknowledged. The Service Board should utilize current personnel, including Service Board members, to provide additional control through review of financial transactions, reconciliations and reports.

- (B) Bank Reconciliations – The Service Board's bank balances are reconciled to the bank balances monthly. However, the reconciliation and outstanding check list are not retained. Also, since the bank statements do not cut off on the last day of the month, the book to bank reconciliations are not being performed at the end of the month.

Recommendation – To improve financial accountability and control, the book and bank balances should be reconciled monthly and the reconciliations should be retained. Any variances should be investigated and resolved in a timely manner. A listing of outstanding checks should be prepared each month and retained. Also, the bank statements should cut off on the last day of the month.

Response – The bank statements are reconciled with the check book and in the Microsoft Money program each month when received from the bank. The Administrator will begin printing the reconciliation statements from the Money program each month. Outstanding checks are listed in the monthly report.

South Central Iowa Regional E-911 Service Board

Schedule of Findings

Year ended June 30, 2010

Conclusion – Response acknowledged. Bank statements should be cut off on the last day of the month so bank balances reconcile to the financial statement balances on the last day of the month.

**INSTANCES OF NON-COMPLIANCE:**

No matters were noted.

South Central Iowa Regional E-911 Service Board

Schedule of Findings

Year ended June 30, 2010

**Other Findings Related to Required Statutory Reporting:**

- (1) Certified Budget – Disbursements during the year ended June 30, 2010 did not exceed the amount budgeted.
- (2) Questionable Disbursements – No disbursements we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- (3) Travel Expense – No disbursements of Service Board money for travel expenses of spouses of Service Board officials or employees were noted.
- (4) Business Transactions – No business transactions between the Service Board and Service Board officials or employees were noted.
- (5) Bond Coverage – Surety bond coverage of Service Board officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure the coverage is adequate for current operations.
- (6) Board Minutes – No transactions were found that we believe should have been approved in the Service Board minutes but were not.
- (7) Deposits and Investments – No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the Service Board's investment policy were noted.
- (8) Depository Resolution – The Service Board was unable to locate an approved depository resolution.

Recommendation – The Service Board should establish and approve a depository resolution.

Response – The recommendation will be taken to the Board.

Conclusion – Response accepted.
